

Brief Description

Ball check valves are often very small, simple, and cheap. They are commonly used in liquid or gel mini pump dispenser spigots, spray devices, some rubber bulbs for pumping air, etc., manual air pumps and some other pumps, and refillable dispensing syringes. Although the balls are most often made of metal, they can be made of other materials.

PN : 1.0 ~ 1.6MPa

DN : 50 ~ 1000mm

Medium : water

Temperature : 0 ~ 80 °C

Flange drill : DIN
