

Brief Description

Design Standards GB, ANSI, AWWA, DIN

Nominal Diameter DN300-3600mm (12" -144")

Nominal Pressure PN6-PN25 (86LB-300LB)

Material Specification Cast iron, ductile iron, carbon steel, stainless steel

Sealing Rubber, stainless steel

Operating Type Full hydraulic control, counter-weight pressure retaining, counter-weight locking

Temperature Range – 29 °C until + 425 °C
